- I. Teacher of the Year: Tonya Bishop  
Classified of the year: Joyce Dobitz  
A. The process of selection was discussed. The addition of the TOY being open to all teachers and selecting a Classified of the year were favorably accepted.
- II. It was recommended and discussed that a Classified, PAC and Student be added to the SIT membership.
- III. A list of field trip ideas was reviewed with a request for additional ideas. Grade level teams are to meet and determine the standards that support the selected field trips. Teachers are requested to use the “Next Generation” standards.
- IV. There were a lot of “good” things happening at Heart River from the selection of the TOY and COY, to student progress and growth. As testing continues... Teachers are reminded to encourage students to do their personal best.
